FUN TECH
The creation for your R/C.

HeliWholesaler is proud to offer FUN TECH RC helicopter accessories. FUN TECH mufflers are made in Japan and used by many top pilots around the world, although quite new to the US market. Leading the pack are their new B320 55-56 size 3D muffler and B300 90 size engine universal 3D muffler. All FUN TECH mufflers and accessories are designed and manufactured by World Champion helicopter pilot K. Sensui and family in Japan. Sensui's reputation as a renowned competitor, pilot and designer is well respected and his passion is built into all his products. Ever see a Staysee body set? This is the same FUN TECH. FUN TECH mufflers are also the muffler of choice for HeliWholesaler's group of renown team pilots such as Bobby Watts, Art Hughes, Pete Campbell, Steve Boyajian, Alex Rodriguez, Jeff Green and more. For the ultimate in power, ease of tuning and reliability you cannot go wrong with a FUN TECH exhaust. Available now.
